# Sometimes a little enhancement is all you need.

Your current home audio system is great – but who couldn't use a little enhancement from time to time? NuVo has a wealth of ways to accessorize your existing sound system.

Want to listen to your iPod through your NuVo system? The **On-Wall NuVoDock for iPod** lets you easily dock your iPod on the wall and enjoy full navigation from any control pad.

Wish you could access thousands of Internet radio stations and your personal music collection on your computer? With this many options, NuVo's **Music Port** fits your listening style perfectly.

Now you can operate your entire audio system through your iPhone, iPad, or iPod Touch using the **NuVo App**. Available from the Apple App Store.

To learn more about the features you can add to your system contact **XYZ Dealer** or visit [www.nuvotechnologies.com](http://www.nuvotechnologies.com) for more information.
