

# Visible Solutions™

For quick & accurate ceiling painting,  
nothing tops Visible Solutions.

**BRIGHT WHITE LATEX CEILING PAINT**

**Stand-out color. Stand-out performance.  
Visible Solutions makes ceiling painting easy.**

Even for professionals, painting ceilings can pose a challenge. Applying white over white makes it hard to see where you've painted – and easy to miss spots.

Finally, that problem has been solved with Visible Solutions Ceiling Paint, the innovative color-changing ceiling paint that goes on violet and dries to a bright white.

Thanks to the intense stand-out color, missing spots on the ceiling will be a thing of the past – and the need to repaint will be too. You'll save valuable time and money, and will impress customers with your quick and accurate work from top to bottom.

Sherwin-Williams Visible Solutions takes ceiling painting to new heights.

**Visible Solutions Key Benefits**

*Depending on the room and ceiling, the violet color will generally fade after 15 to 20 minutes – giving you the perfect amount of time to make sure each area has been properly coated. Apply with a Purdy® Golden Eagle® roller cover to reduce spatters and diminish lap marks.*

- **Violet color allows you to easily see missed spots.**
- **Visible Solutions dries to a truer, brighter white than our competitors' products – delivering a crisp, clean look that enhances aesthetic appeal.**
- **Its flat finish has been formulated to help hide surface imperfections – so one coat is all it takes for complete coverage.**

**Visible Solutions is brought to you by a name you know and trust.**

For more than 140 years, Sherwin-Williams has provided contractors, builders, property managers, architects and designers with the trusted products they need to build their business and satisfy customers. Visible Solutions is just one more way we bring you industry-leading paint technology – innovation you can pass on to your customers. Plus with more
