

Top it off with custom home convenience.

We don't stop with plumbing and lighting. In the Wiseway Design Showroom, you can also choose from our selection of home convenience products – intercom systems, central vacuum systems and home automation by leading suppliers such as Nutone, Lutron and Leviton. All are a great way to extend your home's functionality and make it truly comfortable.

Stop by our showroom today.

Leading the Way in Making Homes Beautiful.

Wiseway Design Showroom. Where Know-How Meets Can-Do.

There's no better way to make your house a home than by customizing with beautiful plumbing and lighting fixtures. And when it comes to can-do customer service and the largest product selection to choose from, Wiseway leads the way.

Leading the way in fixtures that fit your style.

Wiseway offers the most complete plumbing and lighting showroom in Greater Cincinnati – with 4,000 square feet featuring all the latest name brands. So whether your style is traditional, transitional, contemporary or eclectic, you're sure to find the perfect fixtures to fit your preferences and budget.

Leading the way in can-do expertise.

Step into our showroom and you'll be greeted by our courteous design specialists. These knowledgeable experts are certified in lighting through the American Lighting Association, and they're here to guide you throughout your selection process.

They'll walk you through our beautiful bath, kitchen and dining vignettes – a great way to see the gorgeous looks you can achieve through plumbing and lighting. They'll exhaust all resources to help you define your unique style. And they'll help you arrive at the perfect fixtures for your needs ... fixtures that not only have the design and fashion finish you're looking for, but that work best with your particular space.
